KNOWING YOUR WASTE WATER BASICS

This online workshop provides fundamental information on the operation of wastewater systems, focusing on the interests of local Boards and Clerks who want to know more about how their system is designed to function.

Thursday, May 20, 2021 1:00--4:00 PM

Registration: https://attendee.gototraining.com/r/3842689099743653122

**Agenda Topics**

- Introduction and Pre-Test Collection
- System Overview Preliminary Treatment Processes
- Lagoon and Pond Systems
- Troubleshooting 101
- Wastewater System Safety
- Summary, Post-Test and Evaluations

Following registration, attendees will receive a confirmation E-mail containing information about joining the training. Contact Jeff Kormann at (573)680-0682, or jkormann@map-inc.org for more information.

MAP ([www.map-inc.org](http://www.map-inc.org)) provides assistance to small communities through grants from the U.S. Department of Health and Human Services/Office of Community Services. If you are having a problem with your system MAP can help with technical, managerial, and financial concerns at no cost.
